Testimonials

"I look forward to my support group every week. It is truly one of the best parts of my week."

"I had such a wonderful experience with the caregivers support group. I connected with people across generations about our shared experiences and felt that we all genuinely cared for each other. It was such a relief to feel the loneliness start to go away."

"My life is richer and more possible because I am able to be part of this circle of creativity and support."

CSC Massachusetts' mission is to uplift and strengthen people impacted by cancer by providing support, fostering compassionate communities, and breaking down barriers to care. 2025 was another impactful year that allowed us to continue to provide support to those impacted by cancer while increasing our reach.
